

HEALTHGUARD ANTISEPTIC ACOUSTICAL PANEL

HealthGuard products feature antimicrobial and bleach cleanable finishes that assist in combating the spread of viruses and bacteria, including the novel coronavirus. Engineered for physical and mental well-being; acoustical comfort meets microbial transmission prevention.

HealthGuard

Reducing noise creates atmospheres of healing, learning and productivity. The new HealthGuard panel features a polyester core with no VOCs or formaldehyde binders. The antimicrobial fabric can be cleaned with a bleach solution.

HealthGuard UI

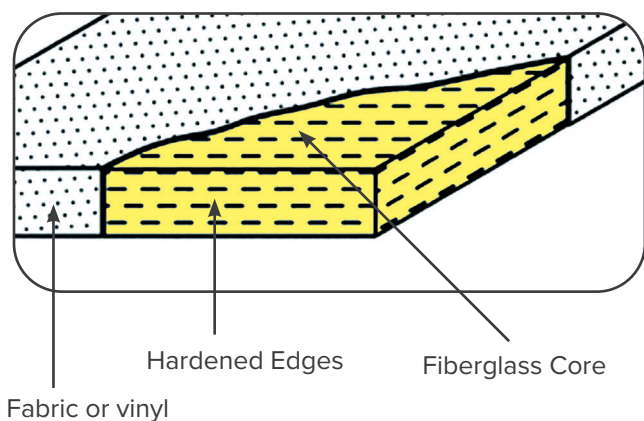

The Ultra-Impact resistant facia can stand up to kids, carts, and overall daily abuse making it ideal for high traffic areas. HealthGuard UI is one of our highest impact rated panels. At home in daycares, hallways, and waiting rooms, HealthGuard UI is the perfect sanitary sound solution for environments brimming with activity.

HealthGuard - Antiseptic Acoustical Panel

Frequency, (Hz)	125	250	500	1000	2000	4000	NRC
HealthGuard 1"	0.04	0.29	0.64	0.90	1.01	1.02	0.70
HealthGuard 2"	0.15	0.66	1.04	1.12	1.05	1.07	0.95
HealthGuard UI 1-1/8"	0.15	0.53	1.09	1.21	1.09	1.00	1.00
HealthGuard UI 2-1/8"	0.44	0.75	1.14	1.14	1.11	1.05	1.05
